Dear Mr Fitzgerald

You may recall the circumstances
of my asking you kind help
in getting my son Tom Moyan
rooms in College and your
doing all you could. & then
it fell through. - We had
then read at home and
went up last year & in January
and passed four examinations
and then early this year I
met you at the Station in
Belfast, and told you & you
told me that you know when
he was going up again & that
perhaps you could by that
time help me in this
Very

important matter — he
looks up for his little go in
October, and his Aunt
& Uncle here most kindly
asked him to go to Me.
Stoney for the present,
until we can see what
arrangements he can make.
Therefore I write to tell you
will you be able to keep me
if not just at present —
perhaps later on —
We take much interest in
your Canadian Tour —
but I am sure the wife
and Baines were very

glad to see you home again.
With love to my niece and
grand niece and nephews
I am
Yours very sincerely
Hessie Morgan —
