22^d. April, 1896.

Φ,

Pray keep secret the surmise that the President will try to put his son-in-law into the post when it becomes vacant. This is only a surmise, & it may do him wrong. I shall let you know when the post will be vacant — i.e., whether it will be so in Sept. or in January.

Please ask Soly (who appears to have returned from America) whether he has received a letter from M. Thieme about a coloured photograph of a large map. M. Thieme is the

Instructor in Drawing at Beaumont
College (R. C. College) here, & I
told him to apply to Goly on the
subject.

Have you made any phosphorescent
Screens? I have tried a great
number of screens, but have found
nothing to rival platino-cyanide
of potassium & tungstate of Calcium.

Write at once, & let me know
about Stars in September.

M.
