Dear Prof. Johnson
I do not see
why a note
from the Sci.
Relief Fund
should be re-
garded as an
uncompassionate
allowance. It
was instituted
to help gen-
uine men of
science who
may have got
into difficulties

The officers ^{12/22} of
the R.S. are
not on the
ctee of admin
istration, of
course I can't
say what view
the ctee w'd
take in "Hear
nides" case.

tioned the idea
to Perry, that
a part from
the donations
fund in aid

of scientific
work would
perhaps be of
some use. This
outlook so to
speak as well
as apparatus
I am afraid
you will think
them an un-
satisfactory con-
cern, but I don't
know how to
say more. It
is always dif-
ficult to help
