13 UNIVERSITY GARDENS
GLASGOW

Dec. 28. 1856

My dear Fitzgerald,

I shall be greatly
obliged if you can spare
me a separate copy of
your Helmholtz Memorial
Lecture. My son who
is studying Chemistry
in Heidelberg writes
to me asking if I can

get a copy for him. The
professors in Heidelberg
seem exercised about
Arnstung's letter to
Nathur. Quincke is
pleased though I think
that he thinks it ^{but}
might have been a
little more serious. True

if the others are perhaps
not quite so pleased!

With all good wishes
for the coming year

Yours very truly

J. J. Astorley
