

DEUTSCHE MATHEMATIKER-VEREINIGUNG.

Adresse des Schriftführers:
PROF. DR. W. DYCK,
München, Hildegardstrasse 1^{1/2}.

17/9 München, den 4. Juni 1892.

Dear Sir!

Best thanks for Your kind letter and Your willingness to participate in our exhibition. I am very glad, & can promise You, the transport as safe as ever possible.

I think, Professor Henrici has written meanwhile to You in respect of the founding of a committee at London, which takes charge of the sendings of British exhibitors. You might find it convenient to participate in this arrangement and so do forward to us all the very interesting objects (models illustrating the properties of the aether,

diagrams of electromagnetic waves etc.) You spoke of in Your letter.

Best thanks for all interest You take in our exhibition. Respectfully

Ernst Boblmann

I am very sorry, that it is impossible to me to participate in Your tercentenary celebrations in July - our lectures being not finished until August. The best wishes for Your feast.
