Kent
p. viii: 189

Dear Professor T. H. Gerald

I am so very glad to find that you think you will be able to spare us a day or two either going to or returning from Denver in September.

When you are able to tell me which it will be I know you will do so. With this large party, it is difficult to be sure of having a spare room

unless one has just a little
notice. - We have moved here
from Libertsewood place since
I wrote to you, but only till
October & are already in the
thick of looking out for a
permanent home. It will
be in Surrey I think where
we hope we have heard of a
suitable home. -

I am enclosing you a
proof of "The Venture of Faith."
Please let me have it back
when you have finished

writing it. - If you are able
to read it within the next
week or 10 days & will let me
have the benefit of any remarks
you may have time & inclination
to make, I hope I should
have time to let the article
profit by them before it is
wanted for publication. -
Excuse haste

Yours very sincerely
Emma Maria Paillard
