Your letter repeats your  
telegram invitation rec'd this morning

I speak of the attraction you offer  
I can't come as I must begin

lecturing on Thursday

I am surprised to hear of the torpedo  
steering trials. I hope they will go well.

There are undoubtedly lots of  
things that I should like to  
see in Dublin

You send you a copy of the  
Phys Lab pamphlet if one  
can be found.

This is the first fine day.

What relation does it bear to Godsal, Wilson  
& Evans plan for the same purpose  
I have been asked by Chas Parsons my opinion  
on this plan. Is it the one you speak of?  
or is yours another?  
Can you reply  
at once please
