My dear FitzGerald,

I was looking for you to day, but could not find you; in order to give you a verbal answer to your letter of the 27th. I shall be glad to do all that is in my power, to assist the Committee of the R.D.S. to obtain information about the Sea Fisheries of the South of Ireland, but I should much like to have a few words with you, as to the plans that may be proposed; for long I have taken an interest in the subject, & I know some of the difficulties attending it, & I would aim at keeping the Society, from falling into the mistakes it did once before on the matter

One should approach the subject of the Baltimore Fisheries, too with a little caution; could you spare a portion of an evening to talk over all this,? & I could then show you what the Countess of Aberdeen's Association for helping Irish Home Industries, is doing in somewhat the same direction.

I have left my house in Raglan Road, & have come in here to live

Very faithfully yours,

Geo Fran FitzGerald Esq.
