

4 Saltwood Gardens  
Hy the Kent.

April 8. 1899.

26/18

Dear Prof. Fitzgerald

The discussion  
of my paper on the Hissing  
of the Electric Arc will  
take place next-Thursday  
the 13<sup>th</sup>, & we should all  
be so glad if you would  
take part in it, either personally

or by letter. If, by any  
lucky chance, you happened  
to be in town on that day  
it would be delightful  
if you would join personally  
in the discussion, but  
if not, I hope you will  
find time to write some-  
thing that could be read  
out at the meeting. You  
know, of course, that  
it takes place at the

Institution of Civil Engineers  
Great-George St.  
Westminster.

With kindest regards

Believe me

Yours sincerely

Hertha Ayrton.
