

27/34

22 Oct 1853

My dear Francis,

Once more defeated
but yet not dead. I
received the following yesterday.

Board of Trade

29 Oct. 1852

My dear Fynshall.

I was sorry to see
in the paper today that the
professorship in the Galway
College has been filled up.
Mr Storey appears to have
had Lord Kope's interest

and that was too powerful
to contend against, other-
wise I think there would
have been little doubt of
your success. Your application
with the testimonials brought
forward will have the
way in the event of
another vacancy occurring.

Mr. Wynne will feel
he is really disappointed

when I tell her this
evening on my return home
of your failure in Salway

Yours & sincerely yours
Geo Wynne

Thus the vision has exploded!
will think I shall be
able to bear up against
it.

Sincerely yours
Byrdall
