My dear Francis
Lindsay

Gladstone's paper with
the remarks that Delius
has made upon it - these
remarks were made in
the ignorance of your
opinion of the paper which
I did not mention
to Delius till afterwards

Samuelson & Adams.

had you asked me
before you sent the ^{thing} letter
to Lyfcoth I should
be inclined to say
let Adams speak
for himself. The more
especially as Lyfcoth
has invited discussion
on the point. Yours

Best plan at present
will be to send it off
to Thomson and doubt
let him know what
Lyfcoth thinks of it. -
He will naturally give
you his opinion and
I would follow it.
