

ROYAL IRISH ACADEMY.

19. DAWSON STREET,

5/84
DUBLIN. 30th December 1898

Dear Prof. FitzGerald

You will find on the other side a list of the Grants made by the Academy since 1887 in aid of the Magnetic Observations at Valentia, and in the Proceedings Ser. 3, Vol. I p. 221, there is a Report by you and Mr Cullum on the work done there. You will remember that 23rd of June 1894 you read a further Report of work done there. This Report was not quite ready for publication at the time, and I have been directed by the Publication Committee to ask you if it has since been completed, or if you expect to be in a position soon to give a more complete Report on results obtained since 1889.

The Committee will meet on 19th Jan. and I would be obliged if you could write me a reply on the next page before that date.

Yours faithfully,

E. P. Wright M.D.

Royal Irish Academy.
"Parliamentary Grant for aiding Scientific Research."
