Dear Prof. Fitzgerald,

Thanks for your
letter -

Should you ultimately
decide to help us, I would
not ask you to tax yourself
to a greater extent than
the special branch of
Physics in which you
are especially interested

I hope to be able to subdivide
This subject amongst
8 or 10 (or more) contributors,
& for this very purpose,
that each man may
not necessarily contribute
articles on subjects other
than those in which
he is especially interested,
& which he is especially
engaged in advancing.

2

Yours very truly
Walter Farmer
