Dear Prof Fitzgerald

Have you any
objection to
W Basset's
seeing your report
upon his paper?
Our ties are
rather - - a
difficulty about
the publication -
time. On the
whole we
strongly

may it leave
the matter
- W. B.'s
hands after
you see the
reports. I
don't think
there - - any
thing - - from
to hurt the
public's.

I have no objection whatever
on the subject

of the R. Rules
except. It seems
very surprising.
I suppose it
could hardly
be that odd.
Many optical
imperfections,
actions unequal
in the 2 cases
could be at
the bottom of the
apparent failure
of reciprocity.
It is very bad
