TERLING PLACE,

WITHAM, ESSEX.

Telegrams - Terling.

Dear Mr. Fitzgibbon

I think your
statement has
rather quite
well accorded.

I have similar
things that I

have observed

was with a
Highland stream,
from which I col-

located north.
The water from
it was captured
in glass bottles
from a distance.

(Phil May, Apr.
1892 p. 370)
