

addressed to me at
Bangor to say whether
you will think of taking
me a appointment

Believe me
Very truly yours
A. Gray

Prof. G. F. Fitzgerald, F.R.S.

P.S. The Examinations will
take place sometime in the
last two weeks of June, but
the time table is not yet settled.
A.G.

PARK HOTEL,
CARDIFF

9/35 Ap. 24, 1896

Dear Fitzgerald,

I write to ask
whether it would be with any
possibility of success if the
authorities of the University
of Wales were to ask you to
become their External Exami-
ner in Physics for Degrees.
I do this with the cognisance
of the Vice Chancellor
(Principal J. V. Jones) and
need hardly say that it

9/35

would give us and all
connected with the University
much pleasure if you
could see your way to act.

I cannot state in
detail what the involve-
ments of the office are
but they consist of a
fixed sum (£5 I think)
for each paper set
with 1/6 for each 'script'
looked over, a fixed sum
inclusive of expenses for

each examiners' meeting
attended, and another
fixed sum for each
practical examination
held. Practical

Examinations which
the Ex. Examiner is
expected to attend and
superwise are to be held
at the three Colleges in
succession.

I can give you full
information later, in the
meantime perhaps you
will let me have a line
