

He ought to meet and draw  
up some scheme for these  
practical Exams. I enclose

a letter from Dickins to  
which I have replied that  
we agree generally with his  
Suggestions and will settle  
something at the time of  
the B.Sc. As to the details  
I agree generally with your  
letter of Sep 17<sup>th</sup>. It will be  
a nuisance to have to set  
<sup>sets of</sup> two papers for Pro Seis and

Dear Fitzgerall

What are we to arrange  
about writing about the  
B.Sc. Do you intend to come  
up for it and if so do you  
mind which day you take  
Sunday is very awkward for  
me if you can take it  
equally well with the  
Saturday will you do so

Intermediate Science. in future but I  
Suppose we must do it. Khaba about  
B.Sc. honours. I will send you some  
questions for approval in a day or  
two. The practical part must depend  
on the place of Exam<sup>n</sup>. I have a few  
I will put the suggestions of your letter  
of Sep<sup>r</sup> 17 into the form of recommendations  
known in answer to Mr. Mans  
note of July 25<sup>th</sup> and send them to  
you. Shall we ask him to arrange  
a meeting with the committee. I don't  
know what is necessary. The action  
came the other day from Westensam  
I think you had better suggest to Schuster  
to send a note to Nature that the effect of the  
is already kicking J. R. V. Hagbroek
